

"It's an **easy-to-use** system and *straightforward* for our customers, too."

How Seahouses Cafe *win back time* with their SumUp POS system

Seahouses Cafe is a family-owned establishment based in the charming fishing village of Seahouses. We chatted with Ollie—the cook at Seahouse Cafe—to find out how SumUp has worked for them.

"The clock in and out feature **saves us at least three hours** of admin per week. Now, we can see our staff's hours and sales *easily*."

"Inventory management was a *big thing* for us. Now the whole team knows what stock we've got left, and we can **keep up with our costs easily**."

Point of Sale *Pro* with Solo card reader

What changed for Seahouses Cafe when they switched to SumUp?

- ✓ Gave them the flexibility to operate across multiple devices
- ✓ Got dedicated, human support when setting up in the first few weeks
- ✓ Became quicker and more efficient with electronic orders and payments
